CAMPAIGN 2025

August 1st to November 30th

Objectives:

- Production Targets during the four (4) months campaign period:
 - Settled API: **\$25.0 Million API**
 - Settled Applications: **2,500 Applications**
- Company Average Persistency to increase to **90%** by the end of the campaign period.

Campaign Rules:

1. Campaign Period **1st August to 30th November 2025.**
2. All applications **MUST** be settled by **30th November 2025** to be considered for campaign credit. **No manual credit will be given. (see close of business manual credit clause pg. 4)**
3. No credit (Application and API) will be given for policies written on oneself, spouse or children.
4. Replacement Credit will only be given for the difference between the increased new policy premium (API) and the replaced policy premium. No application count will be awarded for replacements.
5. Qualification for **ALL** categories and subsequent prizes (including vouchers) are subject to an average persistency criterion for the campaign period (August – November 2025). See tiered average persistency criteria below:

Persistency	Prize and Voucher Payout
=/> 90%	100% of Prize and Voucher
85% - 89%	50% of Prize and Voucher
80% - 84%	25% of Prize and Voucher
< 80%	Disqualified

Average persistency for the campaign period will be calculated as follows

- a. The average persistency will be calculated using the 12-Months Persistency Report value for each of the four (4) campaign months i.e. Aug, Sept, Oct, and Nov, then dividing the sum by 4.
E.g. If an Advisor has a 12-Months Persistency of 93% in Aug, 91% in Sept, 89% in Oct, 88% in Nov, the calculated average persistency will be:
 $(93 + 91 + 89 + 88) / 4 = 90.25\%$.

6. The Campaign is open to all Tatil Life Advisors: Salespersons, PPGA's, Unit Supervisors, Unit Managers, Agency Managers and all Direct Sales Advisors (Business Development Officers, Direct Sales Officers and Team Lead).
7. 10% production credit for SPIAs will ONLY be given for those that were **not initiated** by banks/financial institutions/brokers.
8. Production Credit will be applied as per the following criteria:

Production Category	Applications Credit	API Credit
Net Settled Ordinary Business	100%	100%
Increase PPPs	$\geq \$2400.00 = 100\%$	100%
Replacements	0%	Difference in API from Old policy to New policy
S.P.I.A.	0%	10% (those that were not initiated by banks/financial institutions/brokers)
Lump Sums	N/A	10%

Production credit from S.P.I.As and Lumpsums will be limited to 20% of an advisor's overall qualifying production.

9. Policies lapsed, terminated or not taken within the 1st three months of the end of Campaign period (i.e. by February 2026) will result in a recalculation of campaign category & Claw back of cash award based on campaign level.
10. ***This Campaign overrides all other Campaigns and Incentives in progress.***

Close of Business:

1. **Manual Credit Clause:** All policies must be issued by 30th November 2025. Policies submitted but not issued by the 30th November 2025 will **NOT** be counted. No consideration and/or manual credit will be given.
2. The final on-track report will be disseminated on 8th December 2025. Thereafter advisors are open to raise any queries with reference to their production. Queries must be submitted through the respective agency's CRO. **The querying period will end on 10th December 2025. No queries submitted after this period will be considered.**

Prizes:

1. Massy Stores voucher (or cash equivalent) will be paid in December 2025.
2. Campaign cash prizes will be paid in a separate payroll in December 2025.
